[PATUA TE NGANGARA ki Hoanai Waititi Marae Programme](#)

Since its inception, the programme has been delivered to over 75,000 people.

Participants to date include:

- The Genesis Forum – NZ's top science students
- NZ Police College
- Ministerial Select Committees
- Gangs
- AOD Professionals
- Maaori and wider communities

'PATUA TE NGANGARA' has supported four tribal "P" Raahui to date - Ngaati Whaatua, Ngaati Hine, Ngaati te Rangi, and Murupara whaanau/hapuu.

"P" WAS INVENTED 100 YEARS AGO.

The world is currently facing it's 5th epidemic and internationally, no rehabilitation models have been developed. There is no medical detoxification.

The international rehabilitation world is now looking to Aotearoa - specifically looking at how the Maaori people have responded...because we have.

SHANE'S BACKGROUND

With a prolific history in the criminal underworld culminating in a life sentence at the age of 18yrs, Shane shares experiences from the user, dealer, "P" user community perspective. Complementing this street based knowledge, is comprehensive research collated from within Maaori whaanau, but also incorporating overseas research, case studies, detoxification and rehabilitation models.

Shane was invited to give input into the 'Drivers of Crime ministerial' meeting earlier this year, and addressed the Maaori caucus of the 'Cutting Edge International AOD Conference' held in 2008.

OTHER AREAS OF EXPERIENCE:

- 14 years facilitating youth training and alternative education for disaffected and alienated youth;
- 7 years with Kokako training reconnecting urban youth with Tainui waka;
- 20 years involvement in kapa haka including national competitions and a member of Te Whare Tu Taua o Aotearoa (currently pouwha).
- Two years corporate training with the All Blacks (facilitated Team One Corporate Development) •
